

oxano[®]

mobil*

Nutritional supplement providing Glucosamine, Chondroitin, Collagen Hydrolysate, Ginger Extract, Vitamins and Trace Elements

Unique nutrient formulation for joints and cartilage.

Regular exercise and a balanced diet are essential for the maintenance of agility and life quality. Healthy joints, cartilage and bones ensure that exercise remains fun.

The joint cartilage functions in a similar way to an elastic buffer or shock absorber. It absorbs the pressure and distributes it evenly over the bones. A good nutrient supply contributes to the maintenance of this function.

*) Vitamin C contributes to normal collagen formation for the normal function of bones and cartilage. Manganese contributes to the maintenance of normal bones and to the normal formation of connective tissue.

Selenium and Vitamin C contribute to the normal function of the immune system. Together with Vitamin E, they contribute to the protection of cells from oxidative stress.

oxano[®]mobil contains glucosamine and chondroitin, which are found in the normal cartilage tissue and in the joint fluid. They are important for the formation of synovial fluid and for the maintenance of the „shock absorber“ function of the cartilage.

Collagen hydrolysate is an important constituent of the fibre matrix of a healthy cartilage.

Ginger contains gingerols, which play a role in herbal medicine.

<u>Nutrients</u>	per Daily Intake (2 Kapseln)	% NRV**	per 100g
Glucosamine	300 mg	--	20.979 g
Chondroitin sulphate	250 mg	--	17.483 g
Collagen hydrolysate	200 mg	--	13.986 g
Ginger extract	100 mg	--	6.993 g
Vitamin C	112 mg	140 %	7.832 g
Vitamin E (α-TE)	18 mg	150 %	1.259 g
Manganese	2 mg	100 %	0.140 g
Selenium	50 µg	91 %	0.003 g

** Nutrient reference value according to (EU) 1169/2011 | -- no recommendation available

Ingredients: glucosamine HCl; chondroitin sulphate; bulking agent: hydroxypropyl methylcellulose; collagen hydrolysate; L-ascorbic acid; ginger extract; d-alpha-tocopheryl acetate; manganese gluconate; separating agents: magnesium salts of fatty acids, silicon dioxide; sodium selenate.

oxano[®]mobil contains no gluten or lactose.

Recommendation for consumption: 2 capsules per day; suitable for long-term use.

oxano[®]mobil is a well-balanced nutritional supplement. The recommended daily dose of 2 capsules per day must not be exceeded.

Food supplements should not be used as a replacement for a varied and balanced diet and a healthy lifestyle.
